

School Immunisation Schedule

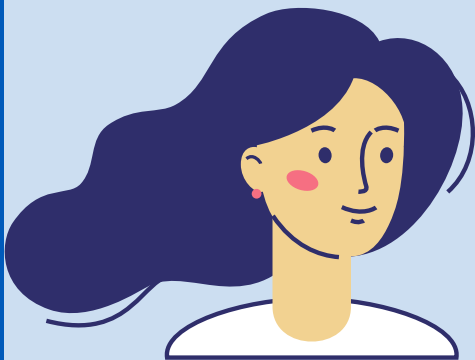

WHEN

VACCINATION

**Junior Infants
(primary school)**

4 in 1 +
MMR

**1st year
(secondary school)**

HPV +
Tdap +
MenACWY

Children in Junior Infants are usually 5 years of age and children in first year are usually 12 years of age

The vaccines are usually given in your child's school.

If you have given your permission, a doctor or nurse from the health service will give the vaccines to your child.
