PQ 18715/22*To ask the Minister for Health the current status of the rehabilitation unit construction project at Roscommon University Hospital; when the planning application will be submitted; and if he will make a statement on the matter. -Denis Naughten

Dear Deputy Naughten,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

Proposed provision of a rehabilitation unit at Roscommon Hospital is currently at design stage. The project has increased from a 10 bed unit to a 20 bed unit. A revised Stage 1 report is to be prepared that includes the 20-beds associated with the unit.

Unfortunately, this project suffered delays due to the COVID 19 pandemic. This project will progress to next stage following sign off of Stage 1 Report. Capital allocation has been provided in the HSE 2022 Capital Plan to progress this project through design in 2022.

Yours sincerely,

Paul de Freine
Interim National Director,
Capital & Estates
