The inspection commenced at 10.30am and was completed by 12.00 noon. This inspection was unannounced.

There were 22 residents on this date. The Nursing Home is currently fully registered for 22 residents.

The above nursing home was found to be in substantial compliance from an Environmental Health perspective under the Health (Nursing Homes) Act, 1990 and subsequent Regulations at the time of inspection.

Recommendations: I recommend that a supply of antibacterial soap and a hygienic means of hand-drying, e.g. paper towel be provided in the sluice room to facilitate hand washing.
