Inspection Report

Re: Inspection of Oghill Nursing Home, Oghill, Monasterevin, Co. Kildare under the Health (Nursing Homes) Act, 1990 and the Nursing Homes (Care and Welfare) Regulations, 1993

Dear Ms. Maher,

The nursing home inspection team visited Oghill Nursing home on the 21st July 2006. There were 33 residents on this date. The nursing home is currently registered for 36 residents – 9 double and 18 single rooms.

The above nursing home was found to be in substantial compliance with the Health (Nursing Homes) Act 1990 and subsequent regulations at the time of this inspection. We are recommending it for full registration for a further 3 years.

However on viewing your maintenance programme for the past six months we recommend that in addition to you it you include the replacement and upgrading of furnishings which are showing the signs of wear and tear – as detailed to you at the end of our inspection). Please let us know when this is completed.

Yours sincerely,

Inspection Team Member
