**Re: PQ14185/24 To ask the Minister for Health for a progress update on the Programme for Government commitment to examine the possibility of introducing a national immunisation; and if he will make a statement on the matter. -Frankie Feighan**

Dear Deputy Feighan

I refer to the above Parliamentary Question which has been referred by the Minister for Health to the Health Service Executive for direct response.

The HSE is currently preparing technical documentation to identify the optimum route to procure and implement a National Immunisation Information Technology Solution which will satisfy HSE requirements. It is expected to have the documentation complete by the end of Q2 2024.

If you require any further information or clarification, please do contact us.

Yours sincerely,

Dr John Cuddihy

National Director of Public Health
