Re: PQ ref 7642/24 -To ask the Minister for Health if he will provide a status update in relation to the commencement date and rollout of the National Advisory Group for Provision of Post-Mastectomy Products, Community Funded Schemes Service Improvement Programme in CHO8

Dear Deputy Burke,

The commencement and rollout of the National Advisory Group for Provision of Post-Mastectomy Products, Community Funded Schemes Service Improvement Programme in CHO8, is currently suspended pending review of the national team. The Minister has instructed that the procedures are reviewed so that no one, either currently availing of the scheme or accessing it in the future, is at any financial loss as a result of the roll out.

Once the programme is reviewed, CHO8 will consider the commencement and rollout of the programme at that stage.

Yours sincerely,

Grainne McGill
A/Head of Primary Care Services
