Dear Deputy Smith,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question you submitted for response. I have examined the matter and the following outlines the position.

Balbriggan Primary Care Centre delivers a variety of integrated care services to meet the health needs of the local population. The current services offered in Balbriggan Primary Care Centre are:

- Addiction Outreach clinic (Adult)
- Adult Mental Health Services
- Advice clinics for Psychology, Occupational Therapy and Speech and Language Therapy
- Child and Adolescent Mental Health Services (CAMHS)
- Mental Health Day Hospital
- Counselling in Primary Care (CIPC)
- Community Medical Doctor
- Dental (Adult and Paediatric special care)
- Dietetics
- Nursing (Adult and Paediatric, including Public Health Nursing)
- Occupational Therapy (Adult and Paediatric)
- Physiotherapy (Adult and Paediatric)
- Primary Care Social work (adult)
- Psychology (Child)
- Rotunda Community clinics
- Smoking cessation clinics
- Speech and Language Therapy (Adult and Paediatric)
- Substance Abuse Service Specific to Youth (SASSY) for 0 to 18 years
- Children’s Disability Network Team
- Limited services for Chronic Disease (Dublin North and Beaumont hub)

In addition to the above HSE services, the following non-HSE services are also available from the primary care centre:

- Pharmacy
- Private Physiotherapy clinic
- St Michael's House Adult Day Services
- Two private GP Practices

I can advise that the Public Health Nursing (PHN) team continue to provide breastfeeding support and advice to mothers and facilitate a breast feeding support group for the area.

I trust this information is of assistance to you, but should you have any further queries, please do not hesitate to contact me.

Yours sincerely,

Deirdre Hogan
General Manager Primary Care
Dublin North
