Date 06.03.2024

**Marian Harkin TD,  
Dail Eireann,  
Kildare Street,  
Dublin 2**

**PQ 1600/24**

Dear Deputy Harkin,

The Health Service Executive has been requested to reply directly to you in the context of the above Public Representation. I have examined the matter and the following outlines the position.

**Response:**

The new Renal Dialysis project proposes a new building to provide a total of 20 Renal Dialysis treatment stations as well as additional inpatient, outpatient and home based services and associated admin and staff welfare facilities. Approval to initiate the capital funding application process has been received and funding has been made available to prepare a comprehensive feasibility study for the project. This feasibility study is currently underway and, following stakeholder engagement, is expected to be complete in Q2 2024. Once finalised it will form the basis for a full capital submission which, once approved, will facilitate the projects inclusion on the HSE Capital Plan. The project will then proceed through the stages of the Capital Works Management Framework subject to funding.

I trust that this addresses your query.

**Yours sincerely,**

---

**Grainne McCann,  
Hospital Manager.**

*Mission Statement*

*Sligo University Hospital is committed to the delivery of a high quality, patient centred service in a safe, equitable and efficient manner. We recognise and value the contribution of each staff member and endeavour to support them in their ongoing development.*
