RE:PQ 31307/24

"To ask the Minister for an update on the development of Ballyhaunis Primary Care Centre as soon as possible; and if he will make a statement on the matter"

Dear Deputy Dillon,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position in Primary Care.

The developer will return to site before the end of September 2024 to complete the project. We await a detailed programme for recommencement and completion. It is understood once work on site recommences there is approximately eight months to practical completion. Services to be provided at the centre (full time and visiting clinics) include Public Health Nursing, Home Help, Physiotherapy, Occupational Therapy, Speech and Language Therapy, Social Work, Dental.

I trust this information is of assistance to you, but should you have any further queries please contact me.

Yours sincerely

Mary Warde
