PQ Question: **To ask the Minister for Health for an update on the dialectical behavioural therapy day service for dual diagnosis. -Thomas Gould**

HSE Due Date: 10/07/2024

Dear deputy Gould,

Dual Diagnosis services will be delivering services in an integrated manner by working with the Community Mental Health teams, HSE Addiction services, voluntary bodies and other relevant stakeholders. Currently Dialectical Behavioural Therapy is being delivered by trained mental health staff across various HSE Community Mental Health Teams in the country. Dual Diagnosis service users will be able to access such services on an outpatient basis as part of an integrated delivery of services as envisaged in the Slaintecare.

Should you require any additional information please do not hesitate to contact this office.

Yours sincerely,

Dr Amir Niazi
National Clinical Advisor
