Deputy Denis Naughten
Dáil Éireann
Leinster House
Dublin 2

11th March 2024

PQ 11396/24 – To ask the Minister for Health further to Parliamentary Question No. 291 of 15 June 2023, if he will outline the metrics at each clinic in 2022, including the number of new patients seen and the number waiting at the end of the year; the corresponding figures for 2023; and if he will make a statement on the matter. -Denis Naughten

Dear Deputy Naughten,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary question, which you submitted to the Minister for Health for response.

In response to the need to provide follow up support and care for patients experiencing prolonged signs and symptoms of Covid-19 the HSE developed an Interim Model of Care (MoC) for Long COVID which was finalised in September 2021.

Table 1 below details the activity metrics for these clinics for 2022, and 2023.

I trust this is of assistance to you.

Yours sincerely,

**Carol Ivory, General Manager
Acute Operations**
