Dear Deputy Brady,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (11979/24) which you submitted to the Minister for Health for response.

The HSE is committed to delivering efficient high quality services to all eligible service users. In 2023, there were 507,114 patients seen by HSE Primary Care Physiotherapy services. Primary Care Operations is focused on improving access to care in order to reduce waiting times for patients. This includes monitoring the waiting list on an on-going basis in the context of available resources.

Please find the attached appendix, which contains, in tabular form, details of the Physiotherapy waiting list for children as at the end of February 2024 which is the latest data available at this time. Please note Wicklow is divided into two local area offices namely CHO6 Wicklow and CHO7 Kildare West Wicklow.
