8th May 2024

Deputy John Brady,
Dail Eireann,
Leinster House,
Kildare Street,
Dublin 2.
E-mail: john.brady@oireachtas.ie

Dear Deputy Brady,

The Health Service Executive has been requested to reply directly to you in the context of the following parliamentary question, which was submitted to this department for response.

PQ: 11982/24

To ask the Minister for Children; Equality; Disability; Integration and Youth to provide a staffing breakdown for the childrens disability network team for each CHO; and if he will make a statement on the matter.

HSE Response

Children's Disability Network Teams (CDNTs)

91 Children's Disability Network Teams (CDNTs) are aligned to 96 Community Healthcare Networks (CHNs) across the country and are providing services and supports for children aged from birth to 18 years of age.

The total number of approved WTE for the CDNTs is 2,102.62 which represents an increase of 210.24 WTE (11%) from 2021. There are 1,395.30 filled WTE, of which 1,183.01 are in a therapy / clinical role. There are 707.32 vacancies across the 91 teams.

The CDNTs are currently providing services and supports for 45,741 children and strategies and supports for urgent cases on the waitlist where staffing resources allow. However, there are significant challenges for CDNTs including:

- Significant staffing vacancies
- Growth in numbers of children with complex need
- Growth in demand for Assessment of Need, diverting further resources away from interventions.

Roadmap for Service Improvement 2023 – 2026, Disability Services for Children and Young People

The HSE's Roadmap for Service Improvement 2023 – 2026, Disability Services for Children and Young People was approved by the HSE Board on July 28th and launched by the Government and the HSE on Tuesday 24th October 2023.

The Roadmap is a targeted Service Improvement Programme to achieve a quality, accessible, equitable and timely service for all children with complex needs as a result of a disability and their families.

It sets out the overall aim for Children's Disability Services, provided by the HSE and its partner agencies, for every child to have a childhood of inclusive experiences where they can have fun, learn, develop interests and skills, and form positive relationships with others in a range of different settings.

As mentioned above, there are over 700 vacant whole time equivalent posts in CDNTs. The HSE continues to explore a range of options to enhance the retention and recruitment of essential staff across all aspects of the health services. The HSE is operating in a very competitive global market for healthcare talent as there are significant shortages of qualified healthcare professionals across the globe. The HSE Community Operations Disability Services is working collaboratively with the CDNT lead agencies at CHO level to promote CDNTs as a workplace of choice in a competitive employment market.

The Roadmap actions includes a robust suite of 60 actions, including 21 on CDNT Retention and Recruitment targets, and many of which are now in train.

Due to the recent Forsa Industrial Action, work on the CDNT Staffing Census 2023 was delayed. This will be available in due course.

Yours Sincerely,

Bernard O'Regan
Assistant National Director
National Disability Team
