15th May 2024

PQ 19652/24* To ask the Minister for Health to provide a list of infrastructure improvements that are included in the 2024 HSE Capital Plan for Our Lady's Hospital, Navan. -Duncan Smith

Dear Deputy Smith,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

A number of projects have been completed at Our Lady's Hospital, Navan in recent years including ward refurbishments and an upgrade to the existing mortuary.

The construction of a new extension for a Rheumatology Department to the rear of the Outpatient's area at Our Lady's Hospital is currently on site. This project involves the removal of old pre fab structures and the construction of an extension which will provide 4 consulting rooms, 3 WC's and 1 training room. It is anticipated this project will be completed in Q2 2024.

The HSE Capital plan 2024 is currently under review by the Department of Health and awaits Ministerial approval. Once published the HSE Capital Plan will list all capital projects which are being supported in 2024.

Yours sincerely,

**Brian O'Connell,
Interim National Director,
Capital & Estates**
