**Re: PQ Ref 22410/24**

Dear Deputy Kelly,

I wish to refer to Parliamentary Question “To ask the Minister for Health the number of people currently on HSE recruitment panels for all disciplines in CHO3 as of 13 May 2024 by discipline and job type, in tabular form.”

The summary position is as follows:

<b>Staff Category</b>	<b>No. of panels</b>	<b>No. of candidates active on those panels</b>
Management & Admin	41	394
Medical & Dental	21	44
Nursing and Midwifery	64	282
Health & Social Care		
Professionals	58	420
General Support	18	94
Patient & Client Care	41	306
<b>Totals</b>	<b>243</b>	<b>1,540</b>

I have attached at Appendix A, more detailed panel information, setting out the year the campaign was established, the campaign number, the relevant grade code, job title, service, panel type, the number of panelled candidates and the number of candidates active in Mid-West Community Healthcare (CHO3) panels.

Candidates may apply for multiple posts and may appear on multiple panels. Therefore, the numbers quoted for each panel are not necessarily reflective of the total net number of candidates as there are likely to be duplicates.

In addition, since the panels were formed, some candidates may have secured alternative employment. It is likely that a large proportion of candidates are already employed across the acute or community services in the Mid West. Consideration needs to be given to the impact on these services should we offer posts to large numbers of candidates given the current recruitment pause in place across the HSE.

I trust this information addresses the question adequately; however should you require any further information please do not hesitate to contact me.

Yours sincerely
