05 June 2024

Deputy Pauline Tully
Dáil Éireann
Leinster House
Dublin 2

PQ22941/24

To ask the Minister for Health the full-year cost of providing three additional critical care ambulances available on a 24/7 basis in each HSE region. -Pauline Tully

Dear Deputy Tully,

The Health Service Executive (HSE) National Ambulance Service (NAS) has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The full-year cost of providing three additional critical care ambulances, on a 24/7 basis, in each HSE Region would require a cost :

Capital Costs	€4,500,000
Revenue Cost	€69,500,000
Total Cost	€74,000,000

I trust the information provided is helpful.

Yours sincerely

Vincent Cronly
Director - Planning and Infrastructure
National Ambulance Service
