Dear Deputy MacSharry,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

The provision of a 42 bed Ward Block at Sligo University Hospital includes 2 x 21 bed wards, single en suite rooms with ancillary accommodation.

The detailed design of this medical block has been completed, the works contract has been tendered with tenders received and evaluated. Board approval is in place to award the contract for this large scale project.

Once the contract for this project is awarded it has an estimated construction programme of 30 months.

Yours sincerely

Brian O'Connell
