**Re: PQ 36400/24 To ask the Minister for Children; Equality; Disability; Integration and Youth the number of children awaiting a physical therapy appointment in CHO2; the breakdown of the time they have been on the waiting list; and if he will make a statement on the matter.**

Dear Deputy Naughten,

I refer to the above Parliamentary Question which has been referred by the Minister for Health to the Health Service Executive for direct response.

Please find as follows a breakdown of the number of children awaiting Physiotherapy in Primary Care Services in Community Healthcare West:

Children Awaiting Physiotherapy Appointments in Primary Care Community Healthcare West							
	Galway		Mayo		Roscommon / East Galway		Total
	0-4 yrs	5-17 yrs	0-4 yrs	5-17 yrs	0-4 yrs	5-17 yrs	
0-12wks	125	63	22	39	41	27	317
12-26wks	57	61		1	22	22	163
26-39wks	21	27		1	11	11	74
39-52wks	25	35			9	5	74
52+	69	138			25	35	267
<b>Grand Total</b>							<b>895</b>

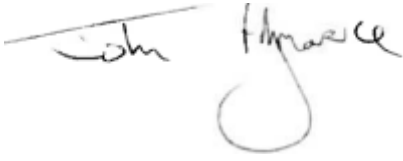

The above figures represent children waiting for Primary Care Services only. Children's Disability Network Teams (CDNTs) offer interdisciplinary support so do not maintain waiting lists for individual therapies. Wait times for the CDNTs are not recorded per discipline but are recorded as per national key metrics since children's disability services reconfigured. Please find below figures collected from the most recent data set (August 2024):
