Introduction to this Directory

A cancer support centre provides emotional and practical support for people dealing with cancer. This includes those who have had a cancer diagnosis and their family and loved ones. Cancer support centres in Ireland are registered with the Charities Regulator. They are self-governed and self-funded.

This directory refers to the Alliance of Community Cancer Support Centres and Services as The Alliance. The Alliance is an initiative of the National Cancer Control Programme, which is part of the HSE. It sets the practice standards for community based cancer support services. Participation in The Alliance is voluntary.

The Alliance

Goals

- Create a national support network where organisations can learn and work together.
- Support the development of connections between cancer centres, hospitals, and community services.

Mission

- Offer information, support, and learning opportunities to cancer support providers.
- Make sure everyone affected by cancer gets the support they need.

Vision

An Ireland where anyone dealing with cancer gets the support they need in the right place at the right time. This support should be easy to access and delivered by qualified professionals.

Membership Types

There are two types of Alliance memberships:

Member

Membership organisations provide community cancer support and meet the standards set by The Alliance. The NCCP published Best Practice Guidance sets out these standards. To become a member, an organisation must complete a self-assessment and peer review process. Organisations become full members after they've proven they meet the quality standards set by The Alliance. Members must also comply with the Charities Governance Code.

Associate Membership

Associate member organisations provide community cancer support but have not gone through the evaluation process mentioned above. These organisations still align with The Alliance's goals and mission. They must comply with the Charities Governance Code.

There are 16 Members and 22 Associate Members in The Alliance in 2024.

About this Directory of Services

Each member of The Alliance is an independent charity. So, the services available vary in each organisation.

This directory has grouped the variety of services offered into the following categories. Please note if an organisation lists a category, it offers one or more of the services listed. Please contact the organisations directly for full details.

Associate Member 2024-2027

Childhood Cancer Ireland

Childhood Cancer Ireland is a charity founded by and led by parents of children with cancer. Our mission is to achieve health justice for all children diagnosed with cancer in Ireland.

We want to ensure that more children survive childhood cancer and thrive as adults through early diagnosis, access to less toxic treatments and a holistic approach to support for survivors and their families, who are dealing with the long-term effects.

Address: Carmichael House, 4 Brunswick Street North, Dublin, D07 RHA8

look good **feel better**

FACING CANCER WITH CONFIDENCE

Look Good Feel Better

Look Good Feel Better puts smiles on the faces of women receiving cancer treatment with free skincare and make-up workshops available over Zoom and in-person all over Ireland.

Finding out you have cancer can be daunting and life-changing. The added stress of the appearance related side effects of treatment can be demoralising and very hard to cope with. This can have a serious effect on self-esteem and confidence, at a time when a positive attitude is very important. Cancer can rob a woman of her energy and strength, but with the support of Look Good Feel Better it need not take away her self-confidence.
