

Circular 13/2024

18th November 2024

To: National Director of Human Resources, HSE
CEOs and HR Managers of the NCSAs

2006 Annual Radiographer / Radiation Therapist Allowance

Dear Sir/Madam

I am directed by the Minister for Health to convey the following instructions regarding the 2006 Annual Radiographer / Radiation Therapist Allowance.

Who this allowance applies to

An annual allowance rate of €1,800 was introduced by HSE Circular 005/2006 for Radiographers and Radiation Therapists employed in certain locations where an 8am – 6pm working day was introduced.

This annual allowance is payable to certain Radiography and Radiation Therapy grades in line with the Labour Court recommendation LCR20232, published on 9th January 2012, which sets out that **the allowance would only be payable to those grades already in receipt of it on that date**. This allowance **may not be paid to any new beneficiaries**.

The annual allowance rate has now been revised to €2,022 with effect from 1 June 2024, and to €2,042 with effect from 1 October 2024. This non-pensionable annual allowance will be included in the next set of DoH Consolidated Salary Scales for 1 March 2025 and will receive general round adjustments going forward.
