Appendix A:

Applicants for the Medical Clinical Observer (Doctor) placement must be able to communicate effectively in English as evidenced by meeting the language requirements for HSE and/ or Medical Council of Ireland outlined below. There are different requirements dependent on where the undergraduate medical training was completed.

Medical Clinical Observer (Doctor) placement applicants can meet either the HSE and/ or Medical Council of Ireland language requirements.

The HSE requirements follow the standard for Non Consultant Hospital Doctors as outlined in [Circular 063/20](#)

The HSE requirements are:

For doctors who were not registered with the Irish Medical Council before 1st January 2015 or for doctors who did not complete the entirety of their under-graduate medical training in the Republic of Ireland, are required to provide evidence under **one** of the following categories:

Category 1: Doctors who completed their Medical degree in English from any of the following countries: Australia, Canada, New Zealand, The United States of America or The United Kingdom must provide:

- A copy of their Medical Degree Certificate

Category 2: Doctors who completed the Irish State Leaving Certificate examination or A Levels in the United Kingdom and a Medical Degree in English must provide all three of the following:

1. A copy of Irish Leaving Certificate/UK A-Level transcript results
2. A copy of their Medical Degree
3. Certificate/confirmation from their University confirming their Medical degree was taught and examined solely in English

Category 3: Doctors who meet the English Language requirements by attaining certification via the recognized English Language Tests **must** submit a certificate of test results from, either, the International English Language Test System (IELTS) (Academic EXAM) or Occupational English Test (OET).

Please refer to the table overleaf for the minimum levels in each of the tests that are accepted by the HSE:

IELTS Academic Exam	Minimum Scores*	OET	Minimum Grade*
Listening	6.5	Listening	B
Reading	6.5	Reading	B
Writing	6.5	Writing	B
Speaking	6.5	Speaking	B
Overall	7.0	Overall	7

**IELTS or OET results from online tests that meet the minimum levels outlined above are accepted*

The Medical Council of Ireland requirements are that the applicant attain one of the following which has been confirmed as meeting the Medical Council of Ireland registration requirements:

- Applicant has passed another equivalent English language test or
 - Applicant has satisfactory proof of award of a Higher Qualification awarded by a postgraduate training body in a country where English is the language spoken by the vast majority of the population; (note: available at medical council website) or
 - Applicant has satisfactory proof that basic medical degree and internship training were completed through English in a country where English is the language spoken by the vast majority of the population or
 - Applicant has attained Cambridge ESOL Certificate in Advanced English (CAE) - CEFR Level C1 or C2 or
 - Applicant has completed USMLE if all of part 1 and part 2 Ck and Cs
- **If without the Clinical Skills (CS) component, an applicant must provide alternative evidence of language skills such as those included above.
